Please include a detailed description of the issues, as well as a description of and a copy of any professional studies, citations or reports from government entities, recommended solutions, and any cost information or estimates. If additional space is needed, please attach.

The three 8500 cfm evapoative coolers on the gymnasium are over 30 years old and the heaters are pushing 40 years. They are beginning to show signs of their age and should be replaced. We would like to put ac units with electric heat in to replace these units. I believe they fall into the deficiency category.

**Project Category:** HVAC
